Get email notifications when Zend Server for IBM i updates are available

Issue

Zend Server for IBM i customers may wish to receive email notifications when new versions of Zend Server for IBM i become available, or when Hotfixes or Updates become available. Signing up for our monthly email provides these notifications.

Environment

Any version of Zend Server for IBM i, running on any supported version of IBM i.

Resolution

One way to keep track of new Zend Server for IBM i updates as they become available is to subscribe to the "Zend PHP Monthly Updates for IBM i" email newsletter. Here is how to do it: Please go to https://www.roguewave.com/programs/preferences in your browser.

Select the check box for *"IBM i Newsletter:"* and check the box to select it. You may also select other newsletters that may be of interest. Scroll down to find the *"Confirm Email:"* text entry box, and enter your email address. Click the *"SUBMIT PREFERENCES"* button. You should see a Preferences Confirmation screen that indicates your preferences have been updated.
